

Dates of School Break and Summer Camps 2026 For Staff & Potential Staff

Monkey Business Camp is built on consistency, care, and strong relationships — for campers, families, and staff alike. Clear scheduling and advance planning help us create calm, joyful camp days where staff can focus fully on kids and community.

This document outlines key camp dates, orientations, and expectations so you can thoughtfully assess whether a session (or combination of sessions) is a good fit for you.

Staffing & Continuity (Summer)

- ☐ We prioritize hiring staff who can work **4+ weeks**, as consistency supports campers & staff teams.
- ☐ If you're available for **shorter commitments** (start/end of summer or the 4-day session), you're still welcome to apply; confirmation may take longer.
- ☐ Because many applicants are **former Youth Leaders**, some new staff may be offered **approximately 4–5 weeks** to allow opportunities for a broader group. **This does not affect future summers**; future opportunities are based on performance, availability, and overall staffing needs.
- ☐ Final summer staffing decisions are typically made **after February 1**.
- ☐ Due to the number of applicants (including many former Youth Leaders), some **new staff may be offered approximately 4–5 weeks** for *this summer only*.
